Microneedling

Microneedling causes controlled micro-injuries that stimulate your body's natural wound healing process, while minimizing cellular damage. The result is effective remodeling of scar tissue, while keeping the overall structure of the skin intact.

OxyGeneo

The ultimate facial treatment platform for achieving a younger, fresher and naturally better-looking skin. Geneo offers a unique, three-in-one facial treatment that works both on the outside and the inside of the skin.

OXYGENATION

Reaction which utilizes natural physiological processes is created, attracting a surge of oxygen to the skin's surface.

EXFOLIATION

Gently removes dead skin cells to renew and refresh skin's texture, making the skin look brighter and improving the effectiveness of active ingredients absorption.

NOURISHMENT

A blend of active ingredients absorbed in to the skin for refreshed and revitalized appearance.

HydraFacial

HydraFacial uses patented technology to cleanse, extract, and hydrate. HydraFacial super serums are made with nourishing ingredients that create an instantly gratifying glow in just 3 steps:

CLEANSE + PEEL

Uncover a new layer of skin with gentle exfoliation and relaxing resurfacing.

EXTRACT + HYDRATE

Remove debris from pores with painless suction. Nourish with intense moisturizers that quench skin.

FUSE + PROTECT

Saturate the skin's surface with antioxidants and peptides to maximize your glow.

Oxygen Skin Therapy

\$165

The Intraceuticals Facial application method utilises Hyperbaric Oxygen to promote the delivery of Intraceuticals professional strength serums to the skin. Intraceuticals developed serums that, when professionally administered in conjunction with oxygen, visibly plumps and hydrates the skin to reduce the appearance of fine lines and wrinkles.
